GOVERNOR-GENERAL TO VISIT BLAIRMORE

Word was received from Government House, Ottawa, last week end, stating that His Excellency Lord Byng of Vimy, Lady Byng and party, would stop off at Blairmore for one hour—12 noon to 1 o'clock—on Aug. 5th, on which occasion their Excellencies wished to meet with representatives of the people.

A meeting of representatives of the various military, fraternal and other organizations will be called in a few days, when committees will be appointed to make the necessary arrangements for the reception.

Stops will also be made at Fernie and Macleod.

I.O.O.F. GRAND MASTER TO VISIT THE PASS

Word has been received from J. L. McPherson, M.D., of Byley, grand master of the Grand Lodge of Alberta, I.O.O.F., stating that he will be in the Pass during the third week in July and will be present on the occasion of the I.O.O.F. dedication ceremony in Blairmore on the night of Wednesday, July 16th.

Grand Master McPherson is making his official visitation of lodges in the southern part of the province in fulfilment of his pledge to visit, if possible, every lodge in the jurisdiction during his term as grand master. He will visit Bellevue on the night of the 14th and Cowley on the 15th.

In all likelihood Bro. McPherson will be accompanied by some other representatives of the Grand Lodge.

We understand that there was no great clamor for the position of the lieutenant-governor of Alberta, when he had to kiss the queen of the Macleod Jubilee.

CONDUCTOR TOM CAVEN GETS \$10,000 DAMAGES

Thomas Caven, of Cranbrook, who for years was one of the best known C.P.R. conductors on the road, has been awarded \$10,000 damages for wrongful dismissal, according to a judgment handed down by Mr. Justice Walsh in supreme court at Calgary. Caven was dismissed by the company many months ago on a charge of taking fares. He brought action for \$50,000 damages.

The judgment in effect means that the agreement between the C.P.R. and the Brotherhood of Railway Conductors is a binding contract between each railway conductor and the railway company, and not as contended by the company, merely an agreement with the brotherhood, of which the men cannot take advantage as individuals.

It also settles the point, bitterly contested between the men and the company, that spotters cannot charge conductors with taking fares for their own use, long after the offence is said to have been committed, thus giving the conductor no opportunity of identifying and calling the passengers from whom it was said he collected fares, to disprove the charge.

Mr. Justice Walsh held that where a conductor is continued in the service, after such an offence has said to have been committed, the railway company is deemed to have condoned the offence, and cannot afterwards discharge him from the service.

John T. Sterling, head of the provincial department of mines and the Workmen's Compensation Board, is in town today.

HOME BANK DEPOSITORS HAVE MORAL CLAIM FOR PAYMENT OF LOSSES

OTTAWA, July 2.—"Your committee consider the facts brought out in the interim report submitted by Chief Justice McKeown; and the evidence therein referred to, established that the depositors of the Home Bank have a moral claim in equity for compensation by the country on account of any loss they may suffer by reason of the failure of the Home Bank."

This is the concluding paragraph of a report made to the commons Tuesday afternoon by the Banking and Commerce committee in regard to the claim of the Home Bank depositors for reimbursement.

HUMANITY ? ? ?

Who is the local boob snatcher who stayed up half the night last week end with a stool pigeon, who had one of his men chase him past midnight and tell him the king would deign see him in his office? Yet, when at 4 o'clock in the afternoon of July the 2nd, a sick officer, through another, asks if he could please have his medicine fetched from the drug store, as he had not had any for sixteen hours, this was the humane (!) answer: "Can't do anything for him!!!" THIS IS TRUTH.

COLEMAN ODDFELLOWS DECORATE GRAVES OF DECEASED MEMBERS

A large number of Oddfellows and Rebekahs turned out at Coleman on Sunday last for the annual service of memorial and decoration, when flowers were placed upon the graves of six of their brother members and three sisters.

The Coleman band was in attendance and led the procession to and from the cemetery, and at the cemetery rendered accompaniment for several appropriate hymns.

Returning to the hall, light refreshments were served.

About thirty visitors were present from Blairmore and Bellevue.

Further extension of phone connection between Alberta and distant parts of the continent has been established. Last year the opening of the new long distance line from Alberta to Manitoba took place. This year it has been possible to effect telephone connections as far east as Chicago.

LADIES' GOLF

At the regular monthly competition on Saturday, tea will be served at 4 o'clock as usual, and on account of the heat members may play after tea, if they wish, and hand in their cards.

A Brighter, More Hopeful Outlook

So much has been heard during the past two or three years about hard times in Canada, with reports of unemployment, emigration to the United States, etc., etc., that it is a welcome change to now read week to week of steadily improving conditions and to note the more hopeful tone prevailing. It is undeniably true that during recent years there have been exceedingly trying and difficult for many people, and that heavy responsibilities have been carried by business men generally during the prevailing period of depression. But after all, the number who engaged in downright blue rain talk was small, albeit at times rather noisy.

The tide has changed and is growing stronger, with the result that thousands who emigrated to the United States are now coming back while the immigration of new people is increasing. Unemployment has lessened and continues to grow smaller, and mercantile business, wholesale and retail, shows steady improvement. Having heard so much that was discouraging and indicative of despondency in past months, let us record a few facts revealing the present betterment with all their significance for continued progress.

The number of business failures in Canada during the first three months of this year was 785, compared with 1,032 during the same quarter of 1923, and liabilities were more than one million dollars less.

Loadings of freight cars on Canada's railways during the first five months of the year were nearly 100,000 greater than during the same months a year ago, and railway earnings exceed those of a year ago by over three million dollars.

While building permits in the larger Eastern cities, notably Montreal and Toronto, show decreases, the reverse is true in the West. Western permits are more than \$2,000,000 greater than at this same period a year ago.

More than 450,000 bushels of Canada's wheat crop of 1925 was merchantable as compared with 385,000 bushels the previous year. Last year's merchantable yield of oats was 535,000 bushels against 450,000 in 1922. According to data given out at Winnipeg, the net value to farmers of last year's wheat crop, in the West alone, between September 1 and April 30, is more than \$14,000,000 greater than the value of the previous crop. On the other hand, crop conditions in the United States are less favorable than for twelve years past, and wheat prices are on an upward trend. It is confidently predicted that the United States will be obliged to import larger quantities of Canadian wheat this year.

Despite the outcry made by some manufacturers over the recent tariff changes, the industrial situation is likewise improving. The Ford Motor Company of Canada is manufacturing 45,000 more cars this year than in any previous year. The Canadian General Electric Co. is erecting a \$350,000 addition to its plant at Peterborough. Even shipbuilding firms are now adding to their staffs.

A most significant statement was recently made by an official of a big Eastern manufacturing concern when he said that in any section of Canada where the natural resources of the country are being developed, business is exceptionally good. This bears out the contention made over and over again in this column that what the manufacturers of Canada require is not more tariff protection, but more energetic action by themselves in developing for use the great wealth of natural resources in Canada. A little more faith in themselves and in Canada, a little more courage and initiative, a willingness to risk a little in development enterprises, instead of relying so largely on spoon-fed assistance through the erection of tariff walls to shut out competition, would quickly revolutionize the manufacturing industries of the Dominion, put new life into them, and through the development of our resources increase employment and create new business in all directions.

Many instances could be cited of improvements recorded in other departments of business, but, for example, as one tea distributing firm whose volume of business is 20 per cent. greater than a year ago; or another firm engaged in the shoe business whose increase is 30 per cent.; or of a firm producing grape juice whose 1923 sales were 40 per cent. larger than in 1922 and whose business this year is increasing over that of last year.

There is no ground for pessimism in Canada, either east or west. In this Dominion we do not, as a rule, jump from profound depression into feverish activity as we frequently do in the United States. Business in this country takes a plump more gradually and recovers in much the same way. The facts above recorded show that the "bright spots" are growing larger and increasing in number. The business recovery seems pastured, and if the people of Canada will retain a confident attitude and govern themselves accordingly, permanently better times are ahead.

Still Waiting

Chairman Elliott, of the Northern Pacific railway.

"My grandpa notes the world's worn cogs, and says we're going to the dogs. His grand-dad in his house of logs, swore things were going to the dogs. His dad among the Florida bogs, swore things were going to the dogs. The cave man in his queer skin togs, said things were going to the dogs. But this is what I wish to state: 'The dogs have an awful wait.'"

Electric Light For Bees

Wonderful electric beehives were lately described at a meeting of the Gloucester Chamber of Agriculture.

The bees are provided with electric light and electric heat during the winter months, both of which they seem to welcome, as strong broods of bees are ready to go out in search of honey directly the fruit trees blossom.

"This means that a great deal of early honey is gathered in which is usually lost."

CHILDREN CRY FOR "CASTORIA"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years as a pleasant, harmless substitute for Castor Oil, Paregoric, Teething Drops and Stooling Syringes. Contains no narcotics. Proven directions are on each package. Physicians everywhere recommend it. The kind you have always bought bears signature of

W. D. Fitcher

Northland Trader Made Navigation Record

Steamer Arrived at Fort Resolution on June Eighth.

This is the earliest spring that the north has ever known so far as navigation in the Slave River is concerned," writes A. L. Sawie, secretary, treasurer of the Northern Trading Co. to the head office of the firm at Edmonton. Mr. Sawie is on his annual visit to the posts of the company strung all along the north flowing waters, and at the time the letter was mailed was at Fort Smith, making preparations for the trip to the Arctic.

He says that the trees and gardens are two weeks earlier than usual, and the steamer Northland Trader made a navigation record in arriving at Fort Resolution on June 8, and was to be followed down freight and passengers for the Great Slave Lake port, returning again to Fort Smith to take on her cargo and passengers for the far north. She was to leave Fort Smith outward bound on June 20, and was to be preceded several days by the company's auxiliary schooner, which it is expected will be the first vessel to arrive at the delta of the Mackenzie River.

The motor vessel Pioneer will make a voyage to Fort Norman with cargo on the return of the Northland Trader to Fort Smith, at the end of her first Arctic voyage.

NOSE COLDS QUICKLY STOPPED

A neglected cold is the sure way to get into Consumption. To quickly stop a cold, the best way is to clear the air passages of the nose.

Dr. J. A. R. Ozone, the best of throat and nose are cleared, inflamed bronchial tubes are healed, all danger of Catarrh is prevented.

Carry CATARRHOZONIC Inhaler in your purse, in your vest pocket, and use it when the first shiver or sneeze comes. Complete outfit, One Dollar, small size 50c. At all druggists. Refuse a substitute. By mail from The Catarrhozone Co., Montreal.

Compete With Radio

New German Invention Is Tested Out in Berlin.

An invention that may yet prove a great competitor with radio was given a trial in Munich by the Bavarian postal authorities in the presence of representatives of newspapers, all of whom declared the performance was very successful.

The inventor is Dr. Steidle, whose name has been repeatedly mentioned in connection with very successful telephone improvements. He attached the microphone receivers to all the music racks of the orchestra at the State opera house, which were then connected with the ordinary telephone at central telephone office, where the postal authorities and invited journalists were treated to a performance of "Die Walkure" that far surpassed anything radio could offer, eliminating all annoying noises and reproducing each instrument with surprising distinctness and purity of timbre.

The ordinary telephone connection was not disturbed at all by the operatic performance, because any call would automatically interrupt the connection with the opera house, and as soon as the conversation ceased.

Wise and experienced mothers know when their children are troubled with worms and lose no time in applying Miller's Worm Powders, a most effective vermifuge. It is absolute in clearing the system of worms and restoring those healthy conditions without which there can be no comfort for the child or hope of robust growth. It is a most trustworthy worm exterminator.

Not Caught Yet

A negro boy, a regular visitor to a certain library, was noticed by the attendant always to take the same book, open it exactly at the same place and then laugh heartily.

The attendant's curiosity being aroused, he followed the negro boy one day and saw him open the book, the picture of a small boy being held by a morning bull. The attendant was about to ask what there was to laugh at when the negro chuckled: "Golly, 'a ain't caught 'im yet!"

To End White Plague

Tuberculosis will be a negligible factor in America within two decades, according to Dr. Livingston Farrand, president of the National Tuberculosis Association. Remarkable progress has been made in fighting the disease, he told an audience at the 20th annual convention of the association at Atlantic City, Pa.

Mirand's Liniment for Aches and Pains

Hydroplane To Patrol Northern Manitoba

Country Will Be Mapped For Use Of Survey Parties.

A fleet of seven hydroplanes, stationed at Victoria Beach air station will be thrust into varied and important service during the summer season. According to Major B. N. Hobbs, commanding the squadron, the planes will be used for detection of forest fires, but of greater significance will be the successful programme of mapping out of the entire north country stretching from the Lake of the Woods to beyond the western boundary of Manitoba.

Photographs from the air will be taken of the country almost as far as the Hudson Bay and down the Nelson, the Churchill and the North Saskatchewan Rivers. The region north of The Pas will be paid particular attention as far as Stanley Mission and Reindeer Lake. This topographical survey will be very useful to survey parties sent out by the Federal Government.

The squadron will also assist in the payment of treaty monies and will convey the agents to Island Lake, God's Lake and Cross Lake reserves, saving the agents many long and tedious journeys by canoe and portage.

All the planes are equipped with Rolls-Royce engines and are fitted up with the latest devices for work from the air, making the station better able to take care of their duties than last year.

Making Business Good

Country Needs Man Who Goes Out After His Share.

Business is a great deal better than the random talking of a lot of people would make it appear.

The man who says that business is often merely because that expression is the briefest one with which to answer an idle question, is about as reprehensible in his course as is the man who makes the same answer in order to cover up his personal failure to get on his feet.

There is lots of business doing in spite of the parrot talk of persons who do not reflect upon what they say. The man who says that and goes to it that he gets his share of available business will find that there is a decided pick-up in nearly every line of trade, but that birds more enterprising than parrots are getting most of it.

The man who says that and goes to it that business good is the kind of man the city and country needs.—Toronto Star.

Had A Weak Heart Was Very Nervous For Three Years

Miss Jessie Peterson, Zealandia, Kan., writes:—"I want to let you know how much good Milburn's Heart and Nerve Pills have done for me. For nearly three years I was very badly run down, had a weak heart, was too nervous to give them a trial. I would almost faint away."

I heard of many people who had recommended your Heart and Nerve Pills, so I went out and gave them a trial. After I had used two boxes I found they had done me good, and after having taken five boxes I was completely relieved.

I cannot recommend your Pills enough, and I would advise anyone having a weak heart or troubled with nervousness to use them."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Propagation of Salmon Trout

A total of 40,000,000 salmon trout eggs has been collected during the last season by the Department of Marine and Fisheries in Lake Huron, Georgian Bay and Lake Superior. The total number obtained compared favorably with the average collections of recent years and is sufficient to fill the hatcheries on the Great Lakes engaged in the propagation of salmon trout.

Unless worms be expelled from the system, no child can be healthy. Mother Graves' Worm Exterminator is an excellent medicine to destroy worms.

The orange originally was a pear, but faded about the size of a cherry. Its evolution is due to 1200 years of cultivation.

Beauty may be only skin deep but it is nearly always effective.

ASTHMA

Spread Liniment on brown paper and apply to throat, also inhalo.

MILBURN'S "KING OF PAIN" LINIMENT

EUGENE LEPAGE GIVES TANLAC FULL CREDIT

Stomach Trouble Vanishes And Montreal Man Gains 14 Lbs. On Four Bottles.

"Since I began taking this wonderful Tanlac I seem to be getting younger every day. I have gained 14 pounds on four bottles, and everybody speaks about how 'well I look'."

The above statement was made, recently, by Eugene Lepage, proprietor of the city of Winnipeg, on the Prince of Wales Hotel barber shop, Montreal, Canada, one of the most exclusive tonorial parlors in this city. Mr. Lepage further said:

"Stomach trouble had almost completely wrecked my health. I was a mere shadow of my former self and so run-down and nervous I thought I would have to give up my work."

"Tanlac soon had me eating everything, sleeping like a log at night and feeling as fine as one could ask to feel. My only regret is that I did not learn about Tanlac long before I did."

"Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold."

Tanlac Vegetable Pills For Constipation. Made and Recommended by the Manufacturers of Tanlac.

Wireless For People Of McKenzie River

Men Have Gone North to Erect Government Plants.

Lieutenant H. A. Yague, of the Signal Corps, with five men, is enroute for Fort Simpson and Herschel Island, where he will superintend the erection of the Federal Government's wireless plants at these points. Lieutenant Yague is also going north and will select the site for the wireless towers at Fort Simpson.

The offices and men will winter in the north, supplies of all kinds having gone down for them by the river service of the Alberta and Arctic Department. The equipment includes furniture, stoves, groceries and everything calculated as necessary to a year in the fur country, and it is expected that sometime this winter the residents of the Mackenzie River will be connected daily with the outside world.

Makes Food Taste Better

No matter how good your fish or meat may be, whether a roast, a chop, a steak, poultry or game, "Clark's Tomato Ketchup Improves its Taste."

"Let Clark Kitchens help you."

Russia Is Having Relapse

Soviets Have Become Arrogant Since Death Of Lenin.

Various signs and portents indicate that the Soviet Union is swinging toward the "right" that set up the New Economic Policy of a limited capitalism some months ago. The political heirs of Lenin are rapidly stamping out the reviving middle class. There are fewer shops and private businesses than there were a few months ago. There is another sign: Soviet Land. People who were not hanged before the death of Lenin are now being sought out and hanged.

Circumstances appear to be unfolding. In their foreign relations the Soviets are becoming as much of the arrogant belligerent as they were two and three years ago. The change in attitude before the death of that Red saint, Lenin, has moved rapidly since his passing. Philadelphia Ledger.

For Catarrh—It is one of the chief recommendations of Dr. Thomas' Electric Oil that it can be used internally as well as externally as it can be used externally. Sufferers from catarrh will find that the Oil, when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

No Hat Factories in Panama. Hundreds of Panama tourists return home and suddenly realize that although they traversed the country they did not see a hat factory. There are two excellent reasons for the fact: Panama hats are not made in Panama and they are nowhere made in factories.

The word Panama as applied to hats is a false name arising from the fact that the city of Panama was the first to establish itself as a distributing centre for this head gear.

Pawing Is Popular. Many London society women habitually paw their jewels and other precious possessions when they are going on a trip. Not wishing to leave their valuables in an empty house, they put them in a pawshop, where they are assured of good care.

Among early tarts the cross was the usual form of military punishment.

Croquet is a revival of the old game of Pall Mall, which, gives its name to the well known London street.

Chinese Compelled To Execute Murderers

Commander of British Gunboat Averaged American Citizens.

Under threat that he would bombard the city of Wanshan, on the Yangtze River, in Cheehwan province, the commander of the British gunboat Cockchafer compelled the highest military leaders there to walk to the cemetery in full uniform behind the casket containing the body of Edwin C. Hawley, a United States citizen, killed there by Chinese junk men, and to attend the burial service for him.

After the Chinese leaders had made their compulsory demonstration of respect to the murdered American, they carried out the orders of the commander of the Cockchafer to arrest the two leading members of the Junkmen's Guild in Wanshan, convey them to the spot on the beach where Hawley was beaten, and execute them by shooting.

Banff-Windermere Road Opens

The new Banff-Windermere road over the crest of the Canadian Rockies from Banff westward, which was first opened last year, has been reopened for traffic, and a large number of tourists are using the road from Canada and United States points. The national park resorts in Alberta are now open at Waterton, Banff, Lake Louise and Jasper, and are looking for a very heavy tourist season.

W. N. U. 1521

CHURCH UNION DATE IS SET AS JUNE 10, 1925

Ottawa.—The principle of the Church Union Bill was approved in the House of Commons when the Brown amendment to clause two, providing that the bill would come into force on June 10, 1925, carried in committee vote by 104 to 56. Clause two thereby is defeated. It is the Bill amendment asking that the House be asked to rule on the jurisdiction of the Presbyterian Assembly to present the bill and of Parliament to enact it.

Nearly two days' discussion in committee had resulted when the House rose in the adoption of the first three clauses.

The vote came at the end of a sultry debate which saw members of the various parties divided against each other. Government and Conservative leaders indicated that every member of the House was committed to no opinion but his own. The Prime Minister and his senior member of the Cabinet, Hon. Geo. Graham, took opposite sides. In the vote, Messrs. Melchior and Forke supported the Brown amendment, as did the whole Progressive bloc. Premier King voted against it, having in mind his amendment to clause 28, which suggests the reference of the question of jurisdiction to the Supreme Court. A number of French members supported the Brown amendment. Others opposed it.

It was the regular committee vote, unrecorded, a swift count of heads by the clerk, which left little time for identification of individual members.

The vote was sufficiently decisive to indicate that the majority of the House is in favor of the bill taking effect next year.

Government and Conservative leaders spoke at length, the Prime Minister taking the stand that Parliament should not be asked to rule on a matter which saw such sharp cleavage within the ranks of a church institution. Mr. Melchior, on the other hand, contended that only the right of the church to change its doctrine was involved.

Requests Total \$380,000
Winnipeg.—Public requests of \$250,000 were left by James H. Ashdown, wealthy Winnipeg business man and philanthropist, who died recently. His estate is given a preliminary valuation of \$1,625,000, on which succession duties have to be deducted.

To Investigate Rust
Ottawa.—That the government should appropriate \$50,000 to defray the cost of an expert investigation into wheat rust is recommended in a report tabled in the House of Commons by the agricultural committee.

Orders Demobilization
Rome.—Premier Mussolini has given orders that the National Militia, which was recently mobilized, be demobilized immediately.

WILL ATTEND THE CONFERENCE OF PREMIERS

Washington.—United States Ambassador Kellogg, at London, was instructed to attend the forthcoming premiers' conference to discuss execution of the Dawes' plan.

His appointment was announced in a White House statement which said that Mr. Kellogg would attend "for the purpose of dealing with such matters as affect the interests of the United States and otherwise for purposes of information."

This action was determined upon after the State Department had been advised by the ambassador that an invitation for the United States to participate had been handed the United States embassy in London. The White House statement declared that it was "the desire of the administration that the Dawes' plan should be put into effect as speedily as possible."

Colonel James A. Logan, who has been United States observer with the reparations commission at Paris, will also go to London to assist the ambassador at the conference.

The fact that the White House statement did not specifically state that Mr. Kellogg was to be merely an observer immediately aroused comment in some quarters as indicating a possible broadening of the hitherto maintained policy toward European questions. It was explained by officials, however, that the ambassador's mission could be compared generally to that of Ambassador Harvey with the Allied Supreme Council in 1921.

W. N. U. 1241

Will Invite U. S. To London Conference

London.—The United States will be invited to send a representative to the proposed allied conference in London in July in any capacity the United States Government thinks fit. The British Government is preparing the invitations. Japan will be included among the nations invited. It is hoped, Premier Mussolini, of Italy, will be able to represent his nation in person, at the conference.

Want Losses Paid

Depositors of Defunct Farmers' Bank Asking Government to Reimburse Them

Toronto.—The depositors of the defunct Farmers' Bank intend asking the government to reimburse them for their loss, and will hold a meeting to make all preparations for presenting their request.

W. C. Nickel, K.C., of Belleville, who was one of the counsel for the depositors for the Farmers' Bank in the former application, stated that arrangements were about completed. He said that the depositors had so good a case that they convinced the former Dominion Government and House of the justice of their claim, but that the estate, by a small majority, rejected the bill.

During the war it was not considered opportune to make the application, but the time has now arrived, he held.

Pass the Senate

Eleven More of the 26 'N.R.' Branch Lines Are Reported

Ottawa.—Eleven of the 26 Canadian National branch line bills passed the Senate committee on railways and will now be reported. The eleven branch lines are:

Grand Frontiere to Rinfret, Que.; from Peebles, Sask., southerly; from Greyhound to Nipah, Sask.; Ste. Rose Du Lac to Rorketon, Man.; Turfville to near Halford, Sask.; Prince Albert to near Paddockwood, Sask.; from St. John to Acadia Valley, Alta.; Estoy and White Deer, Sask.; from St. Paul, Alberta, southerly; from Rosedale, Alta., southerly; Kingsclear and St. Croix River, N.B.

More Moisture Needed

Lack of Rain Reported in Saskatchewan Area This Season

Saskatoon.—There has been less rainfall in Saskatchewan and district during April, May and June of this year than during these three months of any season for the last 10 years, according to official figures on record at the University of Saskatchewan.

Despite the fact that figures are supposed never to lie, competent crop observers maintain that owing to the peculiar conditions this spring the rainfall has been sufficient, and while more would help, still the growing grain in the Saskatchewan district is not actually suffering for lack of moisture.

Industrial Disputes Act

Senate Adopts Amendment in Reference to Conciliation Board

Ottawa.—The Senate adopted by 42 to 22 an amendment to the bill amending the Industrial Disputes Investigation Act, providing that, where either party fails to nominate a representative on the conciliation board, such representative will be nominated by the chief justice of the province or by the minister of labor, as if done now, or where the two representatives to agree on the third, this third arbitrator will be chosen by the chief justice of the province instead of the minister of labor.

Almost At Par

New York.—Heavy purchases of Canadian dollars by local bankers seeking employment for their vast surplus of idle funds sent exchange to a new high level for the year at 99 cents. Diversion of funds into Canada for investment in high-grade Canadian securities is due to the unusually easy money rates prevailing here, which are now at their lowest levels in years.

Outdoor Checker Board

Port Arthur, Ont.—On what is claimed to be the only outdoor checker board in the world, the Port Arthur checker club will commence a series of summer games. The lawn is divided into squares of two feet by two feet each, Dutch clover and Kentucky blue grass being used to differentiate the colors. The checkers used are fourteen inches in diameter.

Murdock Is Vindicated

Ottawa.—The House of Commons defeated by 149 to 35 an amendment that the charges against Hon. James Murdock, minister of labor, had been sustained. Liberals and Progressives voted solidly against the amendment; Conservatives voted solidly in favor.

Vancouver Welcomes Fleet

Coast City in Gala Attire On Arrival Of Special Service Squadron

Vancouver.—Fifty thousand citizens of Vancouver gave the British special service squadron, a vociferous welcome when it arrived in the harbor here.

When H.M.S. Hood, world's greatest battle cruiser, H.M.S. Repulse, H.M.A.S. Adelaide and H.M.S.C. Patriarch rounded Point Grey after having passed up the Gulf of Georgia from Victoria, they were met by a great flotilla of small craft and excursion steamers and as they passed through the narrows into Burrard harbor, thousands of men, women and children lined along the Stanley Park shore of the narrows, shouted their welcome. As the royal navy ships passed into the harbor airplanes from the Royal Canadian Air Force circled the great city. From Point Grey to the city, vast crowds at every peak waved and shouted as the mighty warships moved majestically to their anchorage.

The city was in festive attire, the main streets being a mass of color with flags and bunting. A magnificent arch of welcome was erected at the corner of Granville and Georgia Streets.

Old Age Pensions

Plan to Provide Pensions For Persons More Than 70 Years of Age

Ottawa.—The House of Commons committee on old age pensions will recommend to the House this evening that the Federal Government enter negotiations during recess with the provinces with a view to establishing old age pensions for persons more than 70 years of age. The proposal is that the Federal and Provincial Governments share the expense. The committee will recommend that British born persons of over 20 years residence in Canada will be eligible for a maximum of \$20 a month, which be graded according to the income of the pensioner. William Irvine (Labor, Calgary East) urged that the age of pensioners be 65 and the maximum be \$30 a month.

This proposal was voted out by the committee.

Pass In Opposite Direction

Paths of British and American Aviators Cross In India

London.—A dispatch to the Exchange Telegraph from Rangoon says that Stuart MacLaren had a stiff flight from Akyal to Rangoon.

Cutting across the bay of Bengal, MacLaren flew over the United States round-the-world squadron, going in an opposite direction. The Britisher was compelled during his flight to make a landing at Orx. After another start he was forced to descend at Yandoo in the Delta, after which the journey to Rangoon was uneventful.

MacLaren said he regretted he arrived at Rangoon too late to meet the United States aviators who left there for a jump of about 500 miles to Chittagong.

Premier MacDonald Honored

Was Presented With the Freedom of the City of Glasgow

Glasgow.—Premier MacDonald, when presented with the freedom of Glasgow, said man's grandest inspiration was service.

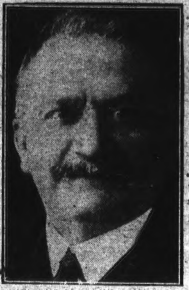

"He who is greatest among us, let him be the servant of all," he added. Continuing, the premier said that he had been told in the south that Clydesdale (the Valley of the Clyde) was "red." He believed it was green like everything youthful and promising. The origin of the name "Glasgow," he said, was "dear green spot."

SUMMER IN THE LAURENTIANS
The cool waters of Lac Tremblant welcome the camper and tourist to the playground of Quebec

France's New President

Who was recently elected President of the French Republic

GASTON DOUMERGUE
who was recently elected President of the French Republic

Suggest Change In Immigration Laws

Imperial Veterans Advocate Quota To Apply To Canada

Vancouver.—J. H. Aspinall, barrister of this city, was elected president of the Imperial Veterans' in Canada in the election of officers held at the annual convention here. C. A. Perry, Saskatoon, and E. J. Faller, Winnipeg, were elected to the posts of first and second vice-presidents respectively. Capt. W. Vaughan will continue to act as secretary-treasurer. The executive committee for the year will be A. Ellis, Vancouver; W. J. Cook, Toronto; J. T. Hunter, Halifax; J. Nethercott, Saskatoon; N. G. Dingle, Calgary; and J. Conway, Winnipeg.

The delegates who were attending the convocation from all parts of the Dominion passed a resolution condemning existing immigration practices and suggested the government should fix the quota for the future, to allow Britishers 60 per cent, and others 40 per cent. It was also announced that the organization's hostel system which provides accommodation for imperial veterans immigrating would be extended to include Vancouver, Halifax and Toronto.

Approve Medical Outposts

Nurses Anxious to Meet Needs of Outlying Districts

Hamilton.—The problem of the rural districts which have no medical service was discussed at the annual meeting of the Canadian National Association of Trained Nurses here, the delegates deciding to petition all provincial governments to give a hearty bonus to qualified medical practitioners to be used to unite the outlying districts' which have at present no medical service.

The nurses went on record as approving the plans of outposts as a means of meeting the needs of outlying districts, these outposts to be held in charge of registered nurses. It was also recommended to extend the training and supervision of housekeepers to assist registered nurses in outlying communities. Provincial government will also be petitioned to develop and maintain an efficient transportation service for outlying communities. The scheme to extend home nursing classes for women in remote districts was also endorsed.

Stand By Promise

Ottawa.—That the government stands by its promises, given before the strike, that no postal employee will receive less than the salary for the present fiscal year plus the 1924-25 bonus, was the reply made by Hon. Charles Stewart, acting postmaster-general to an inquiry.

Germany Accepts Conditions For Military Control

Paris.—Advices from London state that the German Government has decided to accept the conditions of the last note of the Council of Ambassadors regarding military control by the Allies, says the semi-official Havas agency. This question was among the many under review by the new Premier of France, M. Herriot, and Prime Minister Ramsay MacDonald, at Chequers Court. It is further stated by the agency that the Reichstag will officially notify the Council of Ambassadors of its acceptance.

Provinces Oppose Bill

Making Strong Fight Against Government's Control of Provincial Insurance

Toronto.—Supported by Manitoba, Alberta, Saskatchewan and British Columbia the province of Ontario will make a strong fight at Ottawa against the resumed efforts of the federal authorities to invade the provincial insurance field.

In announcing the government's attitude of uncompromising opposition to the recently introduced federal bill 175, which would seek to assume control in the face of a private control decision vesting it with the provinces, Attorney-General Nelles stated that Superintendent of Insurance Leighton Foster had been instructed to appear before the House committee on banking and commerce to voice the opposition of the province.

Mr. Nelles has communications from the provinces of Manitoba, Alberta, Saskatchewan and British Columbia declaring their united opposition to the bill and asking that the Ontario attorney-general also represent them in any statement he may make before the senate committee.

Organizing Buyers' Strike

British Housewives Incensed At Rise In Price of Food

London.—British housewives are organizing a buyers' strike in protest against the rise in foodstuffs prices; flour, butter, cheese and bacon have already risen in price while sugar and eggs are expected to follow suit immediately. This provision merchants predict a continuation of the upward trend and expect a marked increase in living costs.

The leaders of the new housewives league maintain that the rise in prices is due to the manipulation of rings and combinations and therefore are organizing for a national revolt against present prices. The rise in the price of cheese is said to be partly due to the growing popularity of the Canadian product in the United States market and the increasing demand from America.

Report On Cereal Trade

Royal Grain Commission to Meet in Saskatoon, Aug. 1st

Regina.—Preparation of the report in chief of the grain industry will be undertaken by the members of the Royal Grain and Cereals Commission when they assemble at Saskatoon, Friday, August 1. It is anticipated this will not be completed until October 1.

The interim report of the commission on Vancouver investigation has already been prepared and forwarded to the minister of trade and commerce at Ottawa. This report contains some 20,000 words. Publication is expected shortly.

Cannot Collect Unpaid Trust Company Stock

Judgment Given By Justice Dyar In Test Case

Winnipeg.—Amounts unpaid on stock subscribed for the Northwestern Trust Company, now in liquidation, cannot be collected. It was ruled by Mr. Justice Dyar in a test case which concerns some 240 shareholders with a total unpaid balance of \$175,000. Failure of the company to comply with the Sales and Shares Act, was sufficient defense to any action brought by the liquidator in this connection his Lordship ruled.

Britain Will Ratify Compact

Geneva.—The British and French Governments have officially announced their intention of ratifying the Washington eight-hour day convention, according to advices which reached the International Labor conference here.

German Ambassador to Quit Post

Berlin.—The German Government is looking about for a successor at Washington of Ambassador Wedel, who is giving up his post October 1. Ex-Chancellor Cuno seems a likely choice. The government said Wedel is quitting office of his own volition.

IS IMPRESSED WITH THE UNITY OF THE EMPIRE

Vancouver.—Making it plain that he was giving only his own views and those simply as a sailor, and that he did not wish to be taken as suggesting anything that Canada should do, Vice-Admiral Sir Frederick Field, commander of His Majesty's special service squadron, gave a sailor's message to Vancouver at a service dinner. Referring to the tour of the fleet, Sir Frederick said their journey had impressed upon them the unity of the Empire, and he drew applause when he said: "If danger should again threaten the Empire, I am sure that the British dominions will, as they did before, rise and come to the aid of the Motherland."

Referring to the disarmament agreement, the admiral said that the Washington agreement had certain provisions. It was important that the provisions of this agreement be not exceeded. But it was just as important that the British fleet be kept up to the provisions of that treaty, he declared.

African Paper Praises Premier King's Action

Attitude Taken On Lausanne Treaty Strongly Approved

London.—Strong approval of the attitude taken by Premier King on the Lausanne Treaty, is taken by Die Burger, the official organ of the Nationalist party in South Africa, according to despatches from Cape Town. This paper states that the good work which King has done in the matter of the constitutional development of the Empire will undoubtedly receive the strongest support from the Nationalist Government.

The Journal maintains, however that so long as the outer world does not regard the Dominions as completely equal to Britain, and so long as Britain continues to endeavor to impress upon the outer world the indivisibility of the Empire, Canada's attitude will be ineffective. Die Burger says that the correspondence which passed between the British Government and Ottawa, is of the greatest importance, through affording a concrete example of certain currents of opinion regarding imperial relationship.

Invited to Wembley

Vancouver.—Mary Ellen Smith, ex-M.L.A., has received an invitation to attend the British Empire Exhibition at Wembley and speak on Canadian Day during women's week. Mrs. Smith has the matter under advisement.

Alberta Oil Activities

In addition to the activity in the Lethbridge-Couts oil field this year, there will also be drilling on at least five different locations in the Wainwright field this summer.

HOPE HELD OUT FOR DEPOSITORS OF HOME BANK

Ottawa.—Two alternative propositions for the reimbursement of Home Bank depositors were put before Hon. J. A. Ridd, acting minister of finance, by representatives of the depositors' committee.

The first was that the government should advance 75 cents on the dollar which, with the payment of 25 per cent, already received, would completely reimburse the depositors. In this case the assets of the bank were to be administered by the liquidators for the benefit of the government.

The second was that the government should advance 50 cents on the dollar. In this case the liquidator would administer the assets of the bank for the benefit of the depositors.

Mr. Ridd made no comment upon the propositions.

These proposals were explained by W. T. J. Lee, chairman of the national committee of the Home Bank depositors at a special meeting of the common banking committee. Mr. Lee said that the total deposits of the bank, explained that the total deposits were in the neighborhood of fifteen millions. A payment of 75 per cent, would require \$11,250,000, and 50 per cent, \$7,500,000. He said that 40, T. Clark, one of the Home Bank liquidators, estimated that if the government advanced 50 per cent, the depositors would realize about 85 cents on the dollar.

He suggested that the government should put in the estimate the amount required to carry out one or the other of these proposals and should pass it at the present session.

AMERICAN EDITOR GIVES THE PALM TO CANADIAN ROCKIES

"It used to amuse us a lot, in reading the description of a place, to have the author remark that the scene was too beautiful to describe and then go right ahead and give a lengthy description. We will laugh at such statements no more, for we are about to do the same thing. We are going to attempt the impossible and describe the Canadian Rockies, for if anything in the world is indescribable by pen or word of mouth, it is the beauty of these same Rockies.

"There are two schools of opinion as to the most impressive, to come eastward from the Pacific coast, or to come upon the Rockies from the east, the contrast being more marked after the two days' travelling across the flat, bald prairies—which by the way are far from dull, at least to newcomers like us, and have a fascination all their own.

"Really it does not make much difference which way one sees the Rockies first. Each side has its advantages, but on the whole we are inclined to favor entering from the east side. When we first caught glimpses of the rocky, snow-crowned summits, we weren't a bit disappointed. Like some faint purplish mirage the mountains seemed to hang in the sky, a sort of Maxfield Parrish painting of fairy castles and rosy summits. As we drew nearer they seemed to close in on us and soon our train, like a little toy, wound its tortoise way under the vast peaks with their jagged summits and snow-filled ravines. One inevitably compares the Rockies with the Alps, and the former lose nothing in the comparison. In fact, for sheer natural beauty the Rockies, in our opinion at least, are finer than the Alps. True, the Alps are lovely; their smiling valleys and little chalets have a more peaceful charm, but the taut ensemble of the Rockies cannot be surpassed.—Reginald T. Townsend.

BANK SHAREHOLDERS
DISPUTE CLAIM FOR
DOUBLE LIABILITY

TORONTO, July 2. — James W. Bain, K.C., and John G. O'Donoghue, K.C., counsel and solicitor respectively for the shareholders of the Home Bank, from whom the liquidator seeks to recover "double liability" have prepared their statement of defense. They claim that the Home Bank had not any legal right or power to issue or dispose of shares of its capital stock because it was never at any time a chartered bank, duly and legally incorporated under the laws of Canada. They say that the defendants never at any time agreed to purchase shares of the bank with terms and conditions attached that in case of the insolvency of the bank they would be called upon to pay double liability. The matter, they say, was never brought to their attention and therefore they claim the provisions of the bank act of Canada do not apply to them.

The School Board will sit as a Court of Revision on Wednesday next, to hear appeals against the 1924 assessment.

The Union Sunday School picnic was held on the local athletic grounds yesterday afternoon and was quite successful. A feature of the programme was a baseball game between Pincher and Blaimore intermediates, which ended with a score of eight to seven in the visitors' favor. At one time in the game the locals were in the lead by about five points.

CALGARY STAMPEDE

AND EXHIBITION

Automobile races, with all their thrills and sensations are again to be a feature attraction of the Calgary Exhibition and Stampede according to a statement issued by Manager Richardson. Dirt speedway racing is continually increasing in popularity, so the local racing officials have hung out bait attractive enough to lure drivers from all over the land and a special attempt is being made to bring little Sig Haugdahl, the world speed king and dirt track and straightway champion of the world, to Calgary. Haugdahl holds the local track record and the Canadian record with his three miles a minute World Wonder Car, the fastest car on earth, and the Fair Management is anxious to have him wheel his new eight cylinder Miller Special around the local course.

The events this year will be professional and will be run under the rules and with the sanction of the International Motor Contest Association, the dirt track and dirt speedway controlling body. Entry blanks have been sent out to more than half a hundred of the leading drivers in America, including such pilots as Fred Horey, Louis Diabrow, Larry Stone, Fred Lecklider, Ralph DePalma, Leon Durray, Jules Ellingboe, Bob Cline, and a large number of other well known dirt track and speedway pilots.

The Twenty-five lap Stampede Derby is the big event on the card and this race will be listed as an L.M.C.A. championship event. In addition to the regular purse and bonus money, points will be awarded, which will count toward the Canadian Championship and toward the dirt track championship of the world for the year 1924. The Fair Management hopes to have at least twelve entries for this event.

Saturday, July 12th, the last day of the Exhibition, is set aside for the gasoline contests.

Teacher—"Give me a sentence containing the word diadem."

Boy—"A man who drinks will diadem eight sooner than a man who doesn't drink."

COWLEY HAPPENINGS

The public school closed for the holidays on Friday last.

Miss Bernice Anderson left for Parkland on Saturday's mid-day train.

Cowley and surrounding district was well represented at the Macleod Jubilee.

Miss Muriel Murphy and Miss Anna Connelly left for Edmonton on Tuesday to attend the summer term at the University.

We are glad to say that Daisy Burles, who was thrown from a horse a few weeks ago, receiving serious concussions, is slightly improving.

Miss Nellie McWilliams has gone to spend a few days with her parents near Lundbreck, before going to Edmonton, where she will help with the grading of papers for the public schools examinations.

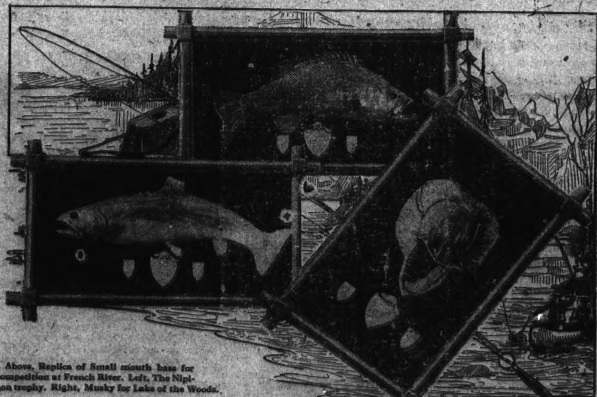

Miss Edna Fulton, of the Blairmore teaching staff, is spending a few days here, the guest of the Morrison family. We understand that she will go to Edmonton presently to help grade papers of the recent examinations.

Miss Aileen Cooper, who left for Calgary on Monday night's train to train for a nurse in the Holy Cross hospital, was presented with a beautiful purse, containing around thirty-five dollars in money, by the village folk. We wish her every success.

A farewell party in honor of Miss Nellie McWilliams and Miss Bernice Anderson was held in the Masonic hall on Friday evening last. Dancing was the chief amusement. Excellent music was furnished by local talent. The district joined in presenting each of them with a handsome wrist watch, of white gold, as a token of appreciation of the splendid services rendered during their stay with us. A very large crowd turned out to bid them good-bye. We extend our best wishes to them in their new undertakings.

The last monthly meeting of the Women's Institute was held at the home of Mrs. J. C. Snyder on Thursday last. The meeting proved to be a very active one. Further plans were laid for the millinery course, which will be held here from the 2nd to the 7th of August. Arrangements were made to give a social evening in aid of the tubercular veterans of the Great War, around the middle of the month. Bills will appear later and a definite date set. Refreshments were supplied by Mrs. H. C. Morrison and Mrs. Archie Swart. The next meeting will be held at the home of Mrs. Swart on Thursday, July 24th, at 8 p.m.

Striking Fish Trophies

Above, Replica of Small mouth bass for competition at French River. Left, The Nightgown trophy. Right, Monkey for Lake of the Woods.

These three handsome trophies of unusual and striking design have been offered by the Canadian Pacific Railway for annual competition between guests at each of its three Ontario Bungalow Camps and will be awarded to anglers catching largest fish of specified variety in each case. The trophies have been prepared from exact moulds made of exceptional specimens of fish and, with white metal as a base underneath a dull silver finish, faithful and lifelike facsimiles have resulted. They are displayed to advantage on a black oak panel.

For French River Bungalow Camp a 6 1/4 pound small mouth bass has been reproduced; while the trophy for the Camp at Nightgown is a replica of a 6 1/2 pound speckled trout. A feature of the Devil's Gap Camp (Lake of the Woods) trophy is the realistic and fierce expression of the head of a large muscogee, with its bristling array of teeth.

It is expected that these trophies will create wide-spread interest and keen rivalry among anglers from all over the continent.

FOR SALE

Machine Gun and Two Million Rounds of Ammunition, mounted on powerful car; Officer's Kits and Uniforms; Unused Pocket Revolvers; seventy-five Tip Cases, used only a few hundred times; several 200-Page Craft Registers; Finger-Print Recipes; Road Guide for Bootleggers, B.C. to Montana.

REPORT OF BLAIRMORE SCHOOL FOR JUNE MONTH

Primary Department

Enrolment for month 40; teaching days 19; aggregate days' attendance 734; average 38.63; percentage 96.57. Perfect in attendance—Kathleen Pitt, Delma Hinds, Kathleen Vero, Doris Milliken, Eva Ericson, Victoria Campo, Mary Monchick, Doris Sartoris, Lily Perry, Edna Oakes, Jack Morgan, Jack Stevens, James Rae, Clifford Chappell, Revie Walker, Norman Picard, Carol Christy, Billy Irvine, Lorens Schlosser, Aloys Lenz, Kenneth Rhodes, Tom Gibas, Joe Huchala, Eitor Vanoni, Ben Hewitt.

Blanche E. Douglas, teacher.

Grade I.

Enrolment for month 36; teaching days 19; aggregate days' attendance 688.5; average 34.13; percentage 94.50. Perfect in attendance—Isabelle McAndrew, John Schlosser, Angelina Rones, Bernard LaFramboise, Milie Gallotti, Amario Binatti, Mar Buck, Yolk, Renie Piriol, Charles Hayes, Beatrice Calhoun, Bobby Doran, Margaret Kubik, Roland Caccini, Norman Davis, Helen Morency, Kathleen Scott, Dante Vanoni, Wearmella Packer, Margaret Uhrin, Julia Houbrege, Rose Monchick.

W. F. Palmer, teacher.

Grade II.

Enrolment for month 43; teaching days 19; aggregate days' attendance 732; average 41.63; percentage 96.93. J. Gally, teacher.

Primary I. and II.

Enrolment 57; teaching days 19; aggregate days' attendance 498; average 25.21; percentage 97.07. Perfect in attendance—Grace Wheatcroft, Doris Hales, Hilda Williams, Billy Martin, Harvey Wheatcroft, Fred Brown, Ernest Elvey, Helen Linville, Alfred Brown, Cuthbert Wilson, Jack Hugh's, Tom Crowder, Augusta Can-

et, Jessie Elvey, Robert Bannan, Virginia Dalsanto, Margaret Martin. M. E. Rae, teacher.

Grade III.

Enrolment for month 48; teaching days 19; aggregate days' attendance 896.5; average 47.13; percentage 98.18.

V. J. Keith, teacher.

Grade IV.

Enrolment for month 55; teaching days 19; aggregate days' attendance 997; average 52.47; percentage 95.49.

C. Marquis, teacher.

Grade V.

Enrolment for month 40; teaching days 19; aggregate days' attendance 74.9; average 39.34; percentage 98.35. Perfect in attendance—Aldia Grimblemont, Elsie Knapman, Harvey Jarvis, Olga Aschacher, Alta Cartwright, Armond Peron, Anna Battel, Alice Uhrin, Flora Lonetti, Helen Smith, Joan McLennan, Bessie Hamilton, Lily Aschacher, Isa Penman, Kathleen McVey, Valma North, Peter Farmer, Bobbie Dicken, Bruno Rinaldi, Richard Linville, Leslie Hardy, Verl Link, John Morency, Ernest Amato, Andrew Chala, Joe Morency, John Kerr.

W. B. Williams, teacher.

Grade VI.

Enrolment 41; teaching days 19; aggregate days' attendance 729; average 38.36; percentage 92.56.

W. Gally, teacher.

Grade VII.

Enrolment 41; teaching days 19; aggregate days' attendance 751.5; average 39.55; percentage 96.46.

Frances M. Gibeau, teacher.

Grade VIII.

Enrolment 30; teaching days 19; aggregate days' attendance 545.5; average 28.71; percentage 95.7.

E. M. Fulton, teacher.

Grades IX. and X.

Enrolment 38; teaching days 19; aggregate days' attendance 689; average 36.27; percentage 95.44.

M. T. Davis, teacher.

Grades XI. and XII.

Enrolment 18; teaching days 19; aggregate days' attendance 329; average 17.31, percentage 96.16.

Total enrolment of school, 487.

D. M. J. Conway, principal.

Practically half of the population of The Pass towns helped to swell the crowd at the Macleod Jubilee on Tuesday. Very few others enjoyed the more pleasant pastime of fishing along the mountain streams, and a few others took in the Great Falls-Fernie baseball game at Fernie.

J. D. S. Barrett, editor of the Coleman Journal, returned to Coleman on Friday morning, after attending the annual convention of the Canadian Weekly Newspapers Association at Toronto. Mrs. Barrett and children, who accompanied Mr. Barrett, are, remain for a while with relatives near Chicago.

HEIRS WANTED

Missing Heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for index Book, "Missing Heirs and Next-of-Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, Scotch, Irish, English, Welsh, German, French, Belgian, Swedish, Italian, Colonial and other newspapers, inserted by lawyers, executors, administrators. Also contains lists of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

INTERNATIONAL

CLAIM AGENCY, Dept. 801,
PITTSBURGH, Pa., U. S. A.

Principal Cowboy is now in Edmonton, where for a few weeks he will mark examination papers.

Magistrate Graham returns from Calgary this week, having been in camp with the Strathcona Horse.

The vanity case may seem absurd to the male, but the girls must have some way to carry their bathing suits.

A McGill university student, to help himself through university, voluntarily parted with fifteen pints of his blood for \$300.

Mr. and Mrs. Charles Graham, who for the past couple of years have resided in the Southern States, are visiting with the former's parents at Coleman.

Thousand of lives are believed to have been lost when a log snuck was swept down the river from Bellevue flats recently. It now stands on its beam ends in a pool near Passburg.

Vancouver Chinese sent a deputation to Ottawa to protest against the compulsory registration of naturalized Chinese and Chinese children born in Canada since naturalization. Their protest seems reasonable, for it is rather unfair that any one class of naturalized citizens should be so singled-out.

Rev. Harry Peters preached his farewell sermon at Bellevue on Sunday night last, and at Frank on Sunday morning. Mr. Peters and family left for their new field near Edmonton by Monday night's train and a large concourse of Bellevue and Hillcrest friends were at the depot to bid them well.

The Medicine Hat Brewing Company have established an agency and warehouse in Blairmore and the Hat's famous "Old Fashion Lager" was on the market last week end. The local agents are Messrs. Barie and McCool and the warehouse is situated on Main Street south, directly opposite the Christie-Grant store.

Here and There

Although it is only 18 years ago that Alberta became a province, its population has increased fourfold, while the grain yield has increased twentyfold. Even at the present low prices, the total agricultural products of Alberta in 1923 were worth \$222,000,000.

Reports concerning the apple crop in the Annapolis Valley show that the entire crop, including the estimated local consumption, was 1,216,000 barrels. It is reported that 700 apple trees and 8,000 plum trees will be set out in the valley this spring.

The railways of Canada up to the end of last April earned \$5,000,000 more than they did for the corresponding period in 1923. This favorable result is due entirely to the fact that the people have been doing more business. All authorities are agreed that such a condition means growing trade.

Nearly 63,000 bushels of high class seed were handled at the Alberta government seed-cleaning plant during the past season. A total of 22,823 bushels of Manitoba wheat seed was handled, 3,150 bushels of ruby wheat, 23,073 bushels of Victory oats, 17,882 bushels of Banner oats, and 684 bushels of Bark's Barley.

Three prizes for anglers at the bungalow camps on French River, Nipigon River, and the Lake of the Woods, have been offered to Canadian fishermen by the Canadian Pacific Railway. The trophies are silver replicas of the bass and the trout, and a wonderful reproduction of the head of a fighting muscalonge.

NOTICE

NOTICE is hereby given that, in accordance with the provisions of the Irrigation Act, THE CANADIAN PACIFIC RAILWAY COMPANY have filed the necessary memorial and plans required by Sections 13 and 15 of the said Act, with the Commissioner of Irrigation, at Calgary, Alta.

The applicant company applies for the right to divert sufficient water from GOLD CREEK at a point on the Southwest quarter of section 31, township 7, range 3, west of the Fifth meridian, for industrial purposes, and for the right to construct the necessary works, as shown by the memorial and plans filed, to enable the water so diverted to be used for the said industrial purposes, in the Company's tanks, engines, and buildings situated at Frank, Alta.

DATED at Calgary, Alberta, this 5th day of June, 1924.

W. L. LEES, Applicant.

HILLCREST HAPPENINGS

Mr. A. N. Warriner has purchased a Chevrolet touring car.

Fumigal Bros. sold an Oldsmobile Sedan to Mr. S. J. Lamey, manager of the Union Bank.

Several new homes are in course of erection on the new Atkinson subdivision.

Hillcrest was quite deserted on Dominion day, everybody going to Macleod that could strike the ride. Others went fishing.

Mr. and Mrs. W. Stevenson, Jr., general manager of the Hillcrest Colonies, left on the 27th for a six weeks vacation at Victoria and other B. C. coast points.

Quite a lot of dissatisfaction is being expressed by motor car owners who had their cars before the assessment in May, whilst those who have bought cars since the roll was made up are apparently exempt. This seems to be a favorite stunt every year—almost in waiting until the roll is complete. Those who happened to be included in the roll, while they really have no more right to do so, will pay the piper. The roll should at least be kept open until September 30. Quite a merry game this taxing motor cars, when it is figured out, especially in view of the fact that one of the main instigators doesn't own a stick in the village. Very likely this will be altered at the end of the year.

Now that the school examinations are over and the summer vacation is on, several of our teachers have left for their various homes. This would be a good opportunity to have the school thoroughly cleaned, broken windows replaced and the outside surroundings made a little more attractive.

Capt. Herr has taken charge of the Salvation Army work in this district.

Sergt. and Mrs. Carter are down from Hardisty, on a visit to the latter's parents, Mr. and Mrs. A. McLeod.

PROMPT DELIVERY

HOLIDAY JAUNT FOR FAVORED M. F.'S

Twenty thousand dollars may not appear to be a very large sum to Members of Parliament accustomed to discuss the handling of millions of other people's money. To many a struggling farmer or village trader it would be a fortune, to more than one municipality it would make a grant for bridge or road work, to be effusively grateful for. The Federal Government has received the consent of the House of Commons we elected a year or two ago, to spend that sum, \$20,000, in giving a certain number of Members of Parliament a holiday trip to London to see the British Empire Exhibition. Four hundred dollars apiece for transportation, and twenty dollars each day for expenses is the allowance suggested. Quite a nice little excursion for the favored ones, who are already in receipt of \$4,000 each for their arduous labors in Ottawa for less than a quarter of a year! But what a commentary it furnishes upon the claims the same Parliament set up a few weeks ago for praise for its economy, when by discharging a few washerwomen, and some old-time employees appointed by former governments, it was said to have saved a few thousand dollars a year to the country! — Montreal Star.

If transient traders, who make a practice of importing a few cases of goods and then go about from house to house selling them, want to do business in Windsor, Ontario, they must first pay a license fee of \$250, in accordance with an Ontario statute regulating such practices. Such a law would be good in any town in Alberta and should also provide a penalty for any wholesale agent selling retail to a consumer.

A dance will be given in the Union hall at Hillcrest on Monday night next.

We understand the "Kenny" head cook at the Cosmopolitan refreshment parlor, has been appointed by the Society for the Prevention of Cruelty to the Troops to have charge of all its affairs on the occasion of the visit of the governor-general of Canada, Lord Byng of Vimy, to Blairmore on August the 8th, and expects to leave for Ottawa in a few days for final instructions and advice. During his absence, Mr. O'Neil, who some-

times does duty for P. Burns & Co., and who is acting as secretary of the above society, will be in charge. All persons are requested to send any communications to him. The society is fortunate in being able to secure the services of these two gentlemen, as they have had considerable experience in this line of business.

WORLD HAPPENINGS BRIEFLY TOLD

British Columbia's stone fruit crop this year will be only about half of last year's crop, according to estimates issued by the department of agriculture.

Frederick Whelan, touring Canada on behalf of the League of Nations, addressed some 3,000 people at an open meeting in Stanley Park, Vancouver.

Sadi Lecoln, flying at Montreal, France, established a new world's flying record for 500 kilometres (about 300 miles). Lecoln's time was 1 hour, 37 minutes, 49 seconds.

Rumana at the present time owes Canada \$23,969,730; Greece owes Canada \$17,637,174. Hon. J. A. Robb, acting minister of finance, informed the House recently.

General James Barry Hertzog, leader of the Nationalist party, which was victorious in the recent Federal elections, has accepted the leadership of South Africa, succeeding General Jan Smuts.

Thousands of railway workers were treated to the spectacle of the King of England running his own train at Swindon recently, and while the King was playing engineer, the Queen was on duty as lookout.

Caught between the steamer Midland Prince and the dock as she was lashed to her moorings at "C" elevator, at the C.P.R. elevators, Fort William, Michael Fuchok, 11 years old, was crushed to death.

U.S. Government receipts for the fiscal year ending June 30 exceeded expenses by more than five hundred million dollars, Secretary Mellon announced. The tax reduction programme submitted by Mr. Mellon was based on an estimated surplus of \$225,000,000.

Oldster Holder Of

Victoria Cross Dead

Sir Dighton Probyn Won Decoration During Indian Mutiny
Sir Dighton Probyn, friend and personal friend of Queen Alexandra, who held the distinction of being the oldest holder of the Victoria Cross, died June 20, at the age of 91.

Sir Dighton won the V.C. during the Indian Mutiny and entered the service of the royal family in 1872, when he became equerry to King Edward, then Prince of Wales. On King Edward's ascension to the throne he was made keeper of the purse. On his death, King Edward made Sir Dighton promise he would continue to serve Queen Alexandra, a promise that was fulfilled.

Wretched from Asthma. Strength of body and vigor of mind are inevitably impaired by the visitations of asthma. Who can live under the cloud of recurring attacks and keep body and mind at their full efficiency? Dr. J. D. Kellogg's Asthma Remedy dissipates the cloud of removing the cause. It does relieve. It does restore the sufferer to normal bodily trim and mental happiness.

Consuls To Retire

Twelve U.S. Consuls in Canadian Cities to Retire

Twelve United States consuls in Canadian cities, including John G. Foster, consul-general at Ottawa, and Joseph I. Brittain, of Winnipeg, will retire from the consular service in July, under a re-organization brought into effect by an executive order of President Coolidge.

Mr. Foster, who is 66 years old, has been 27 years in the service of the United States Government. Mr. Brittain, who is 66 years old, has also had 27 years service.

Sour Stomach Risings Subdued by "Nervine"

A Few Drops Bring Relief

The wonderful relief you get from twenty drops of Nervine will surprise you. Take it in lukewarm water, and almost immediately you feel better. Nervine brings up the gas caused by fermenting food, and relieves that distressed feeling in the stomach. When cold or cramps strike you at night, Nervine is your friend. For general use in the family, for emergent ills, always keep trustworthy Nervine on hand. — At all druggists.

Boys' and Girls' Swine Clubs

C.P.R. to Donate Championship Cup, Medals and a Free Trip to Toronto

The Provincial and Dominion Governments have co-operatively organized Boys' and Girls' Swine Clubs throughout the three prairie provinces to stimulate interest in raising market hogs and teaching the boys and girls how to market their produce. The Canadian Pacific Railway announces that to aid in this work it will give a championship cup to each of the three clubs winning these Boys' and Girls' Swine Club competitions in Manitoba, Saskatchewan and Alberta, and these trophies will be for annual competition. The individual members of the winning teams, however, will be given medals as their own property.

The trophies and the medals will be given irrespective of whether the winning teams live on C.P.R. lines or not but any winning team that is resident on a C.P.R. line will give the additional treat of a trip to the great Royal show at Toronto, 1924, at the company's expense.

If any club should win one of the trophies three years in succession it becomes the permanent property of the club. Each team shall consist of two boys, or a brother and sister, or of two girls, between the ages of 10 and 21 by September 1, 1924.

All the rules and regulations covering the swine clubs as outlined by the extension service in each province, must be observed, and all teams competing must take part in a judging competition and give a demonstration at a central point or points as decided by the committee in charge in each province and these competitions will be held at or near the time the carloads of hogs raised by the clubs are marketed.

The following is the score on which clubs will be tested: Thirty points for general proficiency of the whole club in swine raising; 20 points for the team's hog judging; 20 points for the quality of the two hogs raised by members of the team; and 20 points for 70-minute demonstration in Wiltshire bacon.

All Straight Doctor—Did that medicine straighten your husband out all right? — Yes, we buried him yesterday.

Minard's Liniment, the Athlete's Remedy

Women you envy have only this secret

You, too, may employ it to keep the radiance and bloom of youthful skin

Radiant, with the charm of youth still theirs, millions of clever women are admired—and envied—today.

Yet they have no difficult, hidden secret—no great gift. Only this simple method— which is for you, too. To give you, as well, the charm you envy in them.

For one week do this: Cleanse the skin regularly, as follows:

1. Wash thoroughly, with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse — and repeat the washing. Then rinse again. Then— if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

thorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly, with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse — and repeat the washing. Then rinse again.

Then— if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way

You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive, so that thousands now use Palmolive for the bath.

Make sure that you get Palmolive—which is never sold unwrapped. All dealers have it. Get it, and try for one week this simplest of all treatments. See how delightfully and how quickly it benefits your skin.

THE PALMOLIVE COMPANY OF CANADA, LIMITED

Winnipeg Toronto Montreal

Palm and olive oils—nothing else—give Nature's green color to Palmolive Soap

MADE IN CANADA

Sunlight and Health

Statistics Show That Too Much Sunlight Is Conducive to High Mortality Rate

The prevalent idea that we cannot have too much sunshine for health is challenged by W. H. Dines, F.R.S., who points out in Nature that many well-known statistical facts are opposed to this belief. In European countries the death-rate is highest in the south and lowest in the north, and the British Isles and the Scandinavian countries are especially favored. Though the duration of possible sunshine is nearly the same in both parts, the intensity is far greater in the south. English records for 1881 to 1912 being at hand, comparison was made of the summer, autumn and winter death-rates of the different years, and this showed that the four most sunless summers (1888, 1894, 1910 and 1912) all had an exceptionally low death-rate, while the sunniest summers (1877, 1887 and 1911) had more than the average number of deaths. It is contended that the fact that ultraviolet rays are helpful in certain diseases does not prove that an excess of sunlight is generally beneficial. It is thought to be highly credible that sunlight alone should be prejudicial to health and the explanation is suggested that it is the heat, with which sunshine is usually associated, that is harmful.

Thinks Swearing All Right

Yes, providing the provocation equals the offence of Jones stepping on Smith's corn again. Far better to use "Putnam's" Painless Corn Extract, it does lift out corns in a hurry. No corn can last if "Putnam's" is applied. Refuse a substitute, see everywhere.

Pacific Coast Fisheries

During the first three months of this year the Canadian fisheries on the Pacific coast produced 7,352,000 pounds of fish food, valued at \$1,795,000. In quantities, the largest catch was herring. Six hundred and fifty-seven thousand pounds of these fish were netted during the period.

Soft corns are difficult to eradicate, but Mollaway's Corn Remover will draw them out painlessly.

The ratio of males to females is higher for the farm population than it is for the total population except in three states in America.

PIMPLES SPREAD OVER FOREHEAD

Inflamed and Itched Badly. Cuticura Healed.

"My trouble began with a breaking out of pimples at the edge of my hair which soon spread to my forehead. At first the pimples were very small but became larger and were inflamed. They itched badly for a while and went so embarrassing that I had to go out. My hair fell out."

I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more, and in two or three weeks I was healed. (Signed) Miss Georgia McMillan, 1915 Summerville Blvd., Spokane, Wash., July 10, 1923.

Use Cuticura for all skin eruptions. Pimples, Sores, Itch, Acne, Eczema, etc. Write for free sample. Cuticura Soap and Ointment, Sold Everywhere. Try our new Cuticura Soap.

Golden eagles eat many small rodents and larger animals such as foxes and lambs.

Asbestos has been found in Hungary, Russia, New South Wales, New Zealand and Cape Colony.

The Great Pyramid in Egypt was built 4,700 years before Christ.

SUNDAY SCHOOL LESSON

JULY 6

THE BIRTH OF CHRIST

Golden Text.—There is born to you this day in the City of David a Savior, who is Christ the Lord. Luke 2:11. Lesson.—Luke 2:7-20. Devotional Reading: Isaiah 1:1-5. Material: Luke 2:1-6.

The Text Explained and Illuminated

J. T. Rogers brings Mary and Joseph to Bethlehem, verses 1-5. For the purpose of a census, ordered by the Emperor Augustus while Quirinus was governor of Syria, all the people were obliged to go to their "own city," the city of their birth; thus it came about that Mary and Joseph left their home in Nazareth, sixty-six miles north of Jerusalem, and came to Bethlehem.

II. The Birth of Jesus, verse 6-7. Jesus entered the human life as a helpless babe. Nothing could have been humbler than the place of his birth. There was no room for Mary in the inn, and the babe was wrapped in bandages (swaddling clothes) and laid in a manger.

"Why must he lay his infant head in the manger?" where the beasts were fed.

So that the poorest here might cry, "My Lord was as lowly born as I." (Phoebe Carey).

"Christ" was merely crowded out. It is literally a fact that there was no room in the inn. And without any doubt it is just the very same today. You are pre-occupied. Every chamber of the soul is so filled with human interests that there is little room for Christ. There is little, if any, time for him. And this is so simply because your time is demanded by a thousand other things; your interest is drawn off in a thousand other directions; and your life is crowded to the full with possessions and pleasures, until, strange though it seems, there is no room for the Savior except in the stable" (J. Stuart Holden).

Time has Tested It.—Dr. Thomas' Electric Oil has been on the market upwards of thirty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. If it were double the price it would be a cheap investment.

Films for the Future

Recent invention Will Preserve Modern Pictures For Centuries

People who inhabit the earth five thousand years from now may have a chance to look back through the centuries and see just how we ran our industries and manufactured our products in the year 1924. They will see us in the movies. The possibility that motion pictures of 1924 workmanship can be handed down throughout the ages comes through the work of a man in Chicago, who has developed a preserving process to the point at which he is ready to store a collection of films in the Smithsonian Institution at Washington, D.C. The films will be sealed in a preserving vault, with a stipulation that it remain sealed for five thousand years. Scenes from rolling mills, steel mills, engine factories and machine shops will be included in the collection.

Golden eagles eat many small rodents and larger animals such as foxes and lambs.

Asbestos has been found in Hungary, Russia, New South Wales, New Zealand and Cape Colony.

The Great Pyramid in Egypt was built 4,700 years before Christ.

Minard's Liniment for Failing Out of Hair

Big Building Programme

Saskatchewan Co-operative Elevator Co. Plan a Busy Season

If present plans are carried out this year will be one of the biggest building years for the Saskatchewan Co-operative Elevator Company since the pre-war period. An unofficial estimate of the proposed building programme is \$500,000. Work on new elevators has been started in eight points in the province, and organization is under way at various other places. If the building programme is completed the company will own and operate four hundred and thirty elevators. The capacity will be increased by 1,200,000 bushels.

Minard's Liniment for Distemper

Export of Motor Cars

Canada exported 79,000 motor cars in 1923, almost double the total reached in any previous year, and almost half the total of car shipments from the United States. Total automobile shipments from the two countries reached \$21,816,000, which was an increase of 105,625 cars over the previous year's record.

Britain's Sea Power

Admiral Stresses Need of Maintaining Strength of Empire's Fleet

A warning to Canadians not to forget the value of sea power was voiced by Vice-Admiral Sir Frederick Field, of His Majesty's special service squadron, during an address at a banquet given in his honor at Victoria.

The people were sick of spending money, he admitted; sick of high taxation and debt; and in thinking of these things often forgot the great truth about sea power which applied to the British Empire and its integrity more than to any other power in the world. "It would be impudence on my part to attempt to influence this Dominion," Sir Frederick said, "but I feel justified in asking Canada if she thinks she is safe, if her overseas trade is safe, and will be safe in war time."

An Attraction At Wembley

Visitors Can See Many Articles Made From Milk

One of the attractions at Wembley is a dairy maid who shows visitors how to transform milk into umbrellas, handbags, unbreakable buttons, artists' combs, bowls, and a score of other articles which few people suspect could come from a cow.

The milk has first to go through a process whereby the cream is separated and dried. Cakes in the basic product of milk. Some remarkable little machines which effect this magic transformation of milk are shown, and visitors are able to see a cow milked, and later, if they desire, handle the buttons that a short time hence were warm milk.

Fine tissue paper is about the 1200th part of an inch thick.

What Does This Trade Mark Mean?

You will see this shield-shaped trade mark in hardware stores everywhere. You won't see it on cheap, inferior goods. It goes only on household utensils of the highest quality, yet selling at moderate prices because of the tremendous quantities sold each year.

Choose cooking and baking utensils that carry this trade mark. Choose SMP Enamelled Ware, with its very hard, smooth surface. Heats faster, cleans easier, imparts no metallic flavor, causes no dangerous acid re-actions. Ask for

SMP Enamelled WARE

Three finishes: Prized Ware, two coats of pebbly, very enamel inside and out; Diamond Ware, three coats, light blue and white outside, white lining; Crystal Ware, three coats, pure white inside and out, with Royal Blue coloring.

Local and General Items

L. P. McNab and family left for Calgary last week end, where they will in future reside.

Messrs. Charlie and Jack Higgins, former residents of Coleman, are re-nesting acquaintances in this district.

J. A. Black, for some time on the staff of the Upton tailoring shop in Blaimore, has purchased the business of J. N. Donaldson at Natal, B.C.

Les A. Lyons, a 19-year-old Magrath boy, held up and murdered an employee of the Great Falls Tribune on Saturday night, later giving himself up and confessing he had become the victim of confidence men.

Mr. Moses Johnson, the new district mines inspector, is in town. We understand that Mr. Johnson will shortly move his family here and will reside in the house formerly occupied by the Crowder family.

A silver nugget weighing two and a half tons, from Northern Ontario, the largest ever taken from a silver mine, is proving a magnet to thousands of visitors to the Canadian pavillion at the British Empire Exhibition.

John Unsworth, aged 57 years, an old timer of this section of The Pass, died at Coleman on Tuesday, following an illness of many years. Mr. Unsworth leaves a wife and one son, Percy, residing in Coleman. Funeral takes place at Coleman tomorrow afternoon. Mr. Unsworth was a member of Coleman L.O.O.F. Lodge and that order will have charge of arrangements.

Mr. Vere, of Spokane, was in The Pass last week and returned home with two of the Cameron children, boy and girl, who were orphaned recently through the death of their father, Mr. John Cameron, of Passburg. Two other children are staying at the home of their uncle, Hughie Cameron, at Burnis.

The "Oddfellows" hall at Coleman was packed to the doors with Oddfellows and Rebekah members on Friday night last, the occasion being the presentation of veteran jewels to Mr. and Mrs. J. Hatfield, charter members of the Coleman L.O.O.F. Lodge, and the Rebekah Lodge, respectively. During the evening a magnificent tableaux was staged and was much enjoyed. We understand that the tableaux will be repeated in Blaimore shortly, possibly on the night of dedication, July 16th.

Evidence that many Canadians are returning from the United States is shown by statistics now being compiled by the department of immigration and colonization, the total for the last two months being nearly nine thousand. In April returns from 148 out of 171 points along the international boundary, at which there are Canadian immigration inspectors, showed that 4084 Canadian citizens returned to their own country. In May the number was 4889, with 42 ports to be heard from. These figures do not include Canadians who have been in the United States for a shorter period than six months.

According to Mr. Spalding, secretary of the Southern Alberta and Eastern British Columbia Tourist Association, Waterton has joined the association. The association is anxious to place the road from Pincher Creek to Waterton Park in good condition. This will permit of an attractive means of reaching the famous park and lakes, coming back via Cardston to and from Lethbridge and places similarly situated. The road from Pincher Creek to Waterton is greatly in need of attention, and Mr. Spalding is using every means to get this into good shape. He was in the city on Tuesday to take in the Jubilee celebration at Macleod, driving there from here and returning. While at Macleod Mr. Spalding took a number of photos of the stampede and the ant-Lethbridge Herald.

Thus far the True Story Magazine has avoided giving space to fish yarns.

Very few fatalities have occurred in the Crows' Nest Pass this Leap Year June.

Rev. T. D. Jones and family have left Lethbridge for their new home in Espanola, Ontario.

Both Nanton and Claresholm staged a six-day Chautauqua successfully and ended up with a surplus.

A man has a heavy load to carry when his wife tries to share it by putting all his earnings on her back.

Parties who left a pair of handkerchiefs near the golf course may obtain same by returning to the same spot.

Coleman advertises "Free Camping Grounds for Tourists." Blaimore suggests one better: "And Free Beer."

Miss Rae, of the local teaching staff, left Friday night to spend her vacation at her home near Pictou, Nova Scotia.

The city of Nelson has been entertaining a bad man, who for some weeks has been doing all kinds of vandalism and evades the police.

A vote of one million dollars for the construction of the government grain elevator at Edmonton, has passed the House of Commons in committee of supply.

Geese, there are people so unreasonable as to laugh at the attorney-general's statement that he has an efficient police force, none of whom can be accused of graft!

One of the subjects on the papers for the recent public schools examinations read like this: "A lake is a body of fresh water, standing in a hole, running out slow."

Rev. J. N. Wilkinson, for the past several years pastor of the United Church at Pincher Creek, is now stationed at Cayley and conducts his first service there on Sunday next.

If some police officers could have their way, a man could be picked up at any time and given jail sentence on the officer's recommendation, without the opportunity of employing defense.

Miss A. Picard spent last week end in Pincher Creek, returning to town on Tuesday evening.

The name of the Canadian National station at Tannis has been changed to Briggs.

R. W. H. Pinkney and family have moved into the residence recently purchased from the Home Bank of Canada liquidators on State Street west, and until recently occupied by L. P. McNab and family.

Word was received last week from Coast Mike Moriarty, who for some time has been A.P.P. officer at Big Valley. Mike is leaving in a few days for a visit to his old home in Ireland and will take in the big Empire Exhibition before his return.

The new road over the Frank Slide, which has been in course of construction since early in April, under the direction of Engineers Keith and Wallace and the superintendence of Mr. McDougall, is nearing completion and will be opened to traffic in another week or two. Already about a half mile of the new road is being used and those who have had to travel for the past few years over the old road are not backward in acknowledging the decided improvement. The new road will have a splendid surface of crushed rock and shale, will be wider and straighter than the old road, and will afford tourists a chance to glance at the surrounding scenery when passing instead of dodging the numerous ruts and boulders that have for years menaced traffic.

FOR SALE — 1921 Chevrolet, in first class shape. Apply to Crows' Nest Pass Motors, Blaimore.

BLAIRMORE GOLF CLUB

A mixed doubles hole tournament, handicap, will commence this month and entries should be made to W. W. Scott, Hon. Secretary, as soon as possible with an entry fee of 50 cents per player. Players will choose their own partners and the entries will be made in couples.

The competition for the Green Cup Handicap has been completed with the following results:

1. H. M. Bennett, 82-22-60. 2. D. G. Mackenzie, 98-4-64. 3. Gordon Steeves, 90-25-65. 4. J. H. Farmer, 89-20-69. 5. J. Lamey, 101-28-73. 6. B. Wilson, 83-9-74. C. Emmerson 101-25-76.

JUNE MIXED DOUBLES

COMPETITION RESULTS

1. Mrs. J. E. Gillis and J. B. Wilson, 98-25-73. 2. Mrs. M. G. Rhynas and G. A. Passmore, 101-22-79.

Other scores — Mrs. F. M. Pinkney and W. Bird, 115-36-79. Mrs. Bird and V. J. Hilling, 98-17-81. Mrs. Turner and G. L. Stevens, 105-22-83. Mrs. Green and L. P. Robert, 107-23-84. Miss Marquis and M. G. Rhynas, 105-19-80. Mrs. Stevenson and A. J. Kelly, 105-18-87. Mrs. W. E. Whiteside and W. W. Scott, 118-29-89.

A putting and approaching competition for gentlemen will be held on Wednesday next, commencing at 3 p.m.
